

**SAVE THE DATE**

# Nordic EDF Info Day and matchmaking

**28 and 29 January 2026**

**Clarion Airport Hotel, Oslo Airport, Gardermoen, Norway**

The Norwegian Defence and Security Industries Association (FSi) (member of the EOA consortium), in cooperation with NORDEF, chaired by Norway, is organizing a Nordic EDF Info Day on 28 January 2026, to be followed by an on-site EDF matchmaking event on 29 January 2026. The matchmaking is organised within the framework of the EDF project [Enhanced Opportunities for All \(EOA\)](#). The event will be supported by the European Commission (EC).

The info day (28 January) will provide the opportunity to dive into the EDF 2026 work programme and calls topics. The European Commission has been invited to provide an overview of the EDF program and the work program for 2026. Furthermore, we have also invited the Commission to give an update on the implementation of SAFE, the upcoming European Defence Industry Program (EDIP) and The Defence Industry Transformation Roadmap, as well as an overview of the ECs proposal for defence industrial programs in the next MFF.

The Nordic governments will present their national approaches to the EDF 2026 work programme, aiming at providing clarity and facilitating cooperation.

Furthermore, we will endeavour to facilitate opportunities to ask questions and receive guidance on how to approach administrative and legal procedures governing the EDF-program.

Nordic companies with successful participation in the EDF will be invited to share their best practices.

The matchmaking day (29 January), organised within the framework of the EDF EOA project, will provide opportunities for structured dialogue between participating entities with the aim of identifying opportunities for cooperation and establishing consortia in preparation for responding to calls in the EDF 2026 work program.

A social event for all participants will be organised in the evening of 28 January.

Both events will be open to entities from all EU member states and Norway, and companies may choose to participate on one or both days.

Save the dates, registration will open soon on the [event website](#).
